THE GATES CHANGED OUTCOMES

Review wasn't theater.

Three receipts from the merge history.

- strict TS
- Biome
- Vitest
- Cypress
- a11y
- Storybook

#68 · REVERT	Wrong archive convention The spec rule won; the rename did not survive review.
#95 · FIX	Concurrent-load flicker Real multi-session pressure exposed an integration defect.
#114 · FIX	Sub-agent session routing Child transcripts were reassigned to their parent sessions.
